SMS
Short Message Service

With the new color LCD display DECT, ADP 5000, there are lot of features to enjoy, major important ones are:

- **Ease of use** – the large LCD display and the mobile phone alike, menu driven human interface make the device so easy to use.
- **Color LCD display** – customizable with wallpapers and backgrounds.
- **Alphanumeric phonebook** - stores frequently used numbers (up to 200 names with 2 numbers for each).
- **Handsfree operation** - Choices of handsfree speaker phone or using external ear phonic for different situations requirement.
- **10 polyphonic ring tones with sleep mode** – ring volume automatically reduced, so not to disturb you in preset night time.
- **Caller Display** – to see who is calling and keep track of unanswered calls

- **SMS capability** – you can send and receive SMS messages as text, fax, or email over PSTN.
- **“Organizer” functions** – reminds you most important schedules (up to 10), ringing at a specific time and showing you memo alphanumeric messages. Moreover it can be used as a convenient daily alarm or just once, as a calculator and world clock.
- **Personal cordless network** – you can create your personal cordless phone network by connecting up to 4 (optional) handsets to one base. Moreover, every handset can access up to 4 (optional) base units in order to extend the total wireless coverage.
- **SIM card transfer** - no effort needed in programming your personal phonebook records in this new DECT. Just insert your mobile phone SIM card into the base of your new cordless phone and the records can be copied by just few touches.
